T." will be added to the British steamship code under the new law introduced by John Burtus to give effect to the recommendations of the international convention for safety of life at sea. Beckham may make the race for the Democratic nomination for the short term as well as the long term for the Senate in the August primary. He is undecided what he will do.

"Are you going to make the race for the nomination for the short term?"

"I have not decided," Beckham replied.

The Colonel said that most of his time while away will be devoted to writing an account of his South American travels.

ANOTHER PUNCTURED BUBBLE IN WINTERS CASE.

A sensational turn was given the case of Catherine Winters, a 13-year-old girl who has been missing for more than a year from her home in Newcastle, Ind., when her father, her stepmother and a young man boarder in the family were arrested.

In discussing his arrest Dr. Winters said: "I do not suffer one single pang of remorse, neither does my wife. We feel that this investigation will come to naught so far as we or any of our friends are concerned. We regret very much that Cooper is in jail, and I am willing to do anything and everything in my power to effect his release. That is what I am working on right now. Cooper is not guilty of any crime."

Proud as you are of the daughter, and proud as she is of graduation honors—there is soon but a memory of such events unless a portrait keeps the record of each milestone of youth.

Our styles of school pictures are appropriate to the occasion.

Charles Becker, convicted of complicity in the death of Herman Rosenthal, was sentenced to die July 6. He is back in the "deathhouse" at Sing Sing.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever, unless a course of treatment is taken by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.
